

PGY1/PGY2 Health-System Pharmacy Administration and Leadership Residency
Methodist Health System
Dallas, TX

Methodist Health System is a not-for-profit corporation in the Dallas-Fort Worth Metroplex. The Health System consists of 11 hospitals, a large primary care and specialty clinic network, an accountable care organization, and a managed care program for Medicare subscribers. The corporation began in 1920 with the founding of Dallas Methodist Hospital (now Methodist Dallas Medical Center) in the Oak Cliff area of Dallas. The Methodist Health System is a member of the Mayo Clinic Care Network, a multi-healthcare system collaboration focused on elevating patient care quality.

As a Health-System Pharmacy Administration Resident at Methodist Health System, you will be involved in both corporate and institutional learning activities. You will have the opportunity to develop patient care skills, collaborate with many different professionals, lead process improvement projects, provide patient care through staffing, and develop advanced leadership skills. The longitudinal structure of the program will develop competence in high level managerial, supervisory, and leadership responsibilities. The purpose of our program is to build upon Doctor of Pharmacy education and training to prepare pharmacists for management roles in a variety of health-system work settings.
