Since implementing a new emergency care model with the help of a new team of emergency medicine physicians, including (above, from left) Chris Phillips, MD; Rosalyn Reades, MD, associate medical director, emergency medicine; Kevin Walters, MD; (below, from left) Jeff Butterfield, MD, medical director, emergency medicine; Joan Wilkin, DO; and Michael Sea, MD, wait times have gone down and patient satisfaction scores have risen.

- **Expanding health care in the Best Southwest**

  Methodist Charlton Medical Center is excelling as it grows to meet patient needs with advanced technology and compassionate, quality care. We’re proud to share some highlights from 2013:

  **New emergency team proves exceptional**
  The hospital welcomed two new physician groups to the campus this year: a TeamHealth hospitalist group and Emergency Medical Consultants. With these groups, a new innovative level of service comes to Methodist Charlton, along with new technologies and services to improve efficiency.

  **You can have a better night’s sleep**
  The Methodist Charlton Sleep Diagnostic Center opened this year to help identify and evaluate sleep disorders in adults and children, including sleep apnea, insomnia, restless legs syndrome, narcolepsy, snoring, and sleepwalking. The center offers two private hotel-like rooms for sleep studies, which are available every night of the week.

  **Breathe easier with bronchial thermoplasty (BT)**
  For patients with asthma, this treatment offers relief through a series of three minimally invasive outpatient procedures. BT is the first nondrug procedure approved for the treatment of severe persistent asthma in patients 18 years and older.

  **We’re giving moms and babies a great start**
  The Methodist Charlton Life Shines Bright Pregnancy Program is the only one of its kind in the Best Southwest. It aims to lower the preterm birth rate for its participants, while providing expectant moms with a community of support that empowers them to make healthy choices throughout their pregnancies and beyond.

  **Businesses benefit from Live Bright**
  As an extension of our mission to improve and save lives, Methodist is bringing our wellness solutions to local businesses. We offer patient-centered medical homes to manage and improve the health of employees, comprehensive wellness programs, and clinic services to address all levels of health.
Numbers to know

8,017
The number of people Methodist Health System employed throughout the Metroplex in 2013.

1,830
The number of people employed by Methodist Charlton Medical Center, making the hospital one of the largest employers in the Best Southwest cities.

$132 million
How much Methodist Health System provided in unreimbursed charity care in fiscal year 2013.

Economic impact, including from income and benefits provided for Methodist employees.

10
The number of consecutive years that Methodist Health System has been named among the Top 10 Best Places to Work by the Dallas Business Journal. For the third year in a row, the health system was also named one of the 100 Best Places to Work in Healthcare by Becker’s Hospital Review.

2016
By this year, Methodist Health System aims to be the healthiest health system in America. We’re well on our way, with recognition from:

- Dallas Business Journal — for being among the Top 5 Healthiest Employers in North Texas
- The American Heart Association, who has named us a Platinum-Level Fit-Friendly Worksite.
To your **health**

Having a healthy body, mind, and spirit is important. In 2013, Methodist Charlton Medical Center hosted and sponsored a variety of events to motivate people toward healthy lifestyles and help improve our communities, including:

- Heart to Heart and 2nd Day of Summer free women's health events
- Men's Health Tune-Up free men's health event
- Leadership Texas day for health care education
- Health Occupations Discovery Day for Cedar Hill, DeSoto, and Duncanville ISD high school students
- Best Southwest Legislative Breakfast Series.

**Take a look!**

These initiatives are making a healthier community

- **Heart of the Community Challenge.** Methodist Charlton welcomed 100 community households to improve their heart health through this 16-week program offering heart disease education and fun activities for the whole family. Participants also received free health screenings to gauge their progress in the program.

- **Golden Cross Congregational Health Ministry.** Through partnering churches, Methodist Health System provides health outreach and education.

- **Methodist Generations.** The program offers a variety of wellness activities, social events, and education outreach throughout the year for people age 55 and older.

- **Mobile mammography.** In partnership with Susan G. Komen® Dallas County, Methodist Health System’s mobile mammography unit brought breast cancer screening directly to 3,631 women this year, including 1,313 in the Methodist Charlton service area.

- **Prostate Screening and Awareness Program.** This free service reached a milestone this year, screening its 80,000th man for prostate cancer. More than 2,661 men in the Methodist Charlton service area also benefited from this service, which provides more screenings than any other hospital-based program in the nation.

- **Certified Application Counselor (CAC) assistance.** Methodist Health System has counselors available 24/7 to assist anyone wanting to enroll in the national health insurance exchange program.

We also support numerous community endeavors and organizations, including the Cedar Hill, DeSoto, Duncanville, and Lancaster ISDs; Cedar Hill Rotary Club Bike Rally; DeSoto Health Care Symposium; Duncanville Chamber of Commerce Auction and Gala; Lancaster Chamber Gala and Golf Tournament; Leadership Southwest; March of Dimes; Taste of Duncanville; and Volley 4A Cure.

More help for local hearts

Methodist Charlton Medical Center is well on its way to becoming a regional leader in cardiac care. Collaboration with emergency medical services, award-winning responses to heart attacks in our cardiac catheterization lab, advanced technology in a newly renovated postcoronary intervention unit, and physicians and staff with years of experience all contribute to cardiology services that you can trust and that we’re privileged to provide. Here are a few of the milestones our cardiology programs achieved in 2013:

No. 1 in heart attack care

The American Heart Association Dallas Caruth Initiative recognized Methodist Charlton for having the fastest average door-to-balloon times in Dallas County. Door-to-balloon time is measured from the moment a patient arrives at the emergency department to the opening of the blocked artery after a heart attack. Methodist Charlton averages 50 minutes, which is far ahead of the national goal of 90 minutes. Also recognizing Methodist Charlton’s heart attack care, the American College of Cardiology Foundation granted the hospital its NCDR ACTION Registry®–GWTG™ Platinum Performance Achievement Award.

100th open heart surgery performed

In 2013, Methodist Charlton celebrated its 100th open heart surgery milestone — only 15 months after the program’s inception. The 100th patient was local dentist Samuel Ramos, DDS, who is once again enjoying time with his family after successful bypass surgery at Methodist Charlton.

Progress toward the Heart and Vascular Institute

We are on our way to establishing this cardiac center in the Best Southwest. In fall 2013, the hospital hosted the CardioShack Golf Tournament fundraiser for the new institute.
