

Gathered for the Methodist Mansfield Tower Two topping out are (from left) Midlothian Mayor Pro Tem Joe Frizzell; Arlington Mayor Robert Cluck; Grand Prairie Mayor Ron Jensen; Methodist Mansfield President John Phillips, FACHE; Methodist Executive Vice President and Chief Operating Officer Pam Stoyanoff; Mansfield Mayor Pro Tem Larry Broseh; Mansfield City Manager Clayton Chandler; and Methodist Mansfield Advisory Board Chairman Randall Canedy.

Methodist Mansfield Tower Two campaign shifts into high gear

Since the topping-out ceremony for the new Methodist Mansfield Medical Center Tower Two in December 2014, construction has progressed rapidly. The 118-bed, 110,000-square-foot patient care tower is a little over six months from completion.

To date, the capital campaign has raised \$621,360 of the \$2 million goal, so it is time for a Texas-sized push to the finish line. The capital campaign is focused to raise the remaining \$1.3 million to meet the goal. Naming opportunities to honor someone special or leave a family legacy are available.

A Time for Every Purpose

Dear friends,

Thank you for supporting Methodist Health System Foundation.

With the successful close of the BrightER campaign and the \$2 million Methodist Mansfield Medical Center Tower Two campaign gaining momentum, we are taking a moment to reflect on the lives changed by the generous donations of our donors. From healthier babies, to lifelong care and support for cancer survivors, to a new Level I Trauma Center designation, you are a powerful partner in our mission to improve and save lives.

Methodist Health System is making news in 2015. On Jan. 20, we celebrated Methodist Dallas' first-in-the-nation pancreatic surgery certification by The Joint Commission. This achievement resulted from years of devotion by our clinicians, who believe in ensuring families facing pancreatic disease are offered the best treatment options possible.

Methodist also continues to educate North Texans about our new collaboration with Mayo Clinic. As the first member of the Mayo Clinic Care Network in Texas, Methodist provides physicians access to eConsults and other Mayo Clinic resources. It's just one more way we're ensuring North Texans have access to world-class care right here at home.

Please visit our updated Foundation website at Foundation.MethodistHealthSystem.org to learn more about our latest projects and ways to give.

Best regards,

April Box Chamberlain, CFRE
President and CEO

Meet Angela Nash Vice President Development

Where is home? I was raised in Silsbee and graduated from Baylor University in Waco with degrees in marketing and entrepreneurship. Since then, I've called Dallas home for more than 20 years. I love being part of this dynamic, vibrant community!

Have we met before? It's quite likely. I've served on more than a dozen charitable boards, as a volunteer member of Crystal Charity Ball and Junior League of Dallas, and as a docent team leader at the George W. Bush Presidential Library and Museum. I've also chaired or co-chaired events that together raised more than \$7.5 million for our community. Maybe I saw you at the New Friends New Life Luncheon, Genesis Women's Shelter Luncheon, or the Volunteer Center of North Texas Luncheon.

What's next at the Foundation? It's so exciting to be a part of a team working to support a variety of programs and projects at Methodist Dallas, Methodist Charlton, and Methodist Mansfield Medical Centers. Currently, my focuses are the 2015 Robert S. Folsom Leadership Award event and reaching our \$2 million goal for the Methodist Mansfield Tower Two capital campaign.

More questions for Angela? Call her at 214-947-4596 to talk about supporting Methodist.

KidneyTexas, Inc., presented grant awards to its 2014 Fashion Show and Luncheon beneficiaries at a reception on Dec. 9, 2014. Shown attending are (from left) Methodist Health System Foundation President and CEO April Box Chamberlain, CFRE; Jolie Humphrey, president, KidneyTexas, Inc.; Sarah Nicholas, BSN, RN, CCTC, Methodist kidney/pancreas transplant coordinator; and Karen Settle, 2014 event chair.

KidneyTexas awards \$30,000 to pilot program

KidneyTexas, Inc., is dedicated to improving methods of treatment for kidney disease, providing care for people with the disease, and searching for ways to prevent and cure it. When Methodist Health System Foundation presented a novel pilot program to help low-income and uninsured dialysis patients get the oral care required for transplantation clearance, KidneyTexas provided leadership support to launch the program.

For patients with end-stage renal disease, kidney transplantation offers added years of enhanced-quality living, free of the rigors and complications of being on dialysis. Yet, dialysis is the only treatment option for patients with oral health problems that often result from a combination of factors, including fragile immune systems, medications, poor nutrition, and a lack of access to dental care.

Thanks to the support of KidneyTexas, The Liver Institute at Methodist Dallas Medical Center will be able to help remove a financial barrier between dialysis patients and their pre-transplant dental clearance and fulfill Methodist Health System's mission to improve and save lives.

The two-year pilot program is anticipated to serve approximately 15 patients, providing maximum assistance of up to \$2,000 per patient.

'Methodist Mansfield campaign' continued from cover

Recognized capital campaign donors who have led the campaign include Dallas Renal Group and Liberty Dialysis, contributing \$150,000; Methodist Mansfield Auxiliary, contributing \$50,000; Carl and Ed Esstman, contributing \$50,000; Cardiology Partners, donating \$25,000; and Liz and Claude Cunningham, donating \$25,000.

It is the hope that generous donors will step forward to help bring a higher level of care closer to their families and neighbors. Along with offering enhanced health care services to residents in Tarrant, Ellis, Johnson, and southwestern Dallas counties, the tower will add more than 200 new jobs to the area.

To make a gift to improve and save lives, please contact Angela Nash at 682-622-2085.

Methodist
HEALTH SYSTEM FOUNDATION

NEW BOARD MEMBER SPOTLIGHT

Craig A. Albert (left) served on the BrightER Capital Campaign committee before joining the Foundation board. He is shown here with Michael Hurst at a private campaign event hosted by Jeff Staubach.

Invigorated by Methodist's heart for Dallas

When Craig A. Albert was introduced to Methodist Health System by his friend Jeff Staubach, he gladly became involved, serving on the BrightER Capital Campaign committee for the new Charles A. Sammons Tower at Methodist Dallas Medical Center.

"I'm really impressed with the impact that Methodist is making on southern Dallas County," Albert says. "I think it's a great mission to bridge historic boundaries and bring high-level service to the southern sector and the rest of Dallas. That's invigorating to me. I want people to know Methodist has a real heart for this community."

Albert's board membership was approved at the Dec. 10, 2014, meeting of the Methodist Health System Foundation board of trustees. He is looking forward to working together for the continuing betterment of Methodist.

"It's an honor to work with April Box Chamberlain and the rest of the trustees," he says. "I think it is a superb group."
